ORGANIZED THURSDAY.

Credentials Committee Will
Report and Then The
Fur Will Fly.

Nashville, June 1.—Absolutely no progress was made by the Democrat State convention at the three sessions held Thursday, and it will take hard work to get through to day, and should this be accomplished a long session to-night will be necessary. The failure to transact any business Thursday was due to the fact that the Committee on Credentials was not ready to report.

The Committee on Credentials will report to day to the State Convention it is understood, recommending the seating of the following contesting delegations:

The Patterson delegations in Shelby and Giles counties: the division of Davison's vote on a basis of 41 for Patterson and 36 for Cox, and the seating of the Cox delegations in the counties of Smith, Wilson, Weakley, Lawrence and Washington.

The committee is understood to not yet have definitely decided the Maury County contest, and will meet at 9 o'clock this morning at the Tulane Hotel to complete its labors. The Maury County contest is practically settled, but the committee has not yet agreed as to the recommendation to be made.

THEY ELOPED.

Prominent Young People
Married in Tennessee.

Mr. Hugh Major, son of Mr. Geo. H. Major, of Beverly, and Miss Athalie Cayce, daughter of Mr. I. J. Cayce, eloped to Tennessee Wednesday night and were married at Noah's Spring by Rev. H. C. McGill, of Howell. Mr. Major secured a license in Clarksville Tuesday. The young people came here Wednesday and attended the carnival Wednesday night. On Thursday night they left the home of Mr. R. H. Huggins, ostensibly to go over to the carnival grounds again, but, instead, they drove out of town and went directly to Tennessee, where the nuptial knot was tied. They were accompanied by Mr. Melvin Kimerling and Miss Litha Huggins.

The groom is a well-known and very popular young man, and has been studying dentistry in Atlanta, Ga., but for some time has been at the home of his parents. His bride is a very pretty young woman, possessing numerous accomplishments, and has a host of friends, many of whom reside in this city, where she has frequently visited.

ONLY SIX COWS

Defied the New Stock Law
Yesterday.

The stock ordinance went into effect yesterday without further resistance. The mayor gave instructions to enforce the ordinance rigidly and the chief of police was given authority to employ a man on horseback to drive cows to the pound. This duty was assigned to Ed Marshall, but up to the hour of going to press he had captured only six cows. Nearly everybody has arranged for pasturage and it is not expected that many cattle will have to be impounded. The pound fee is \$1.00.

R. D. Hill, United States District Attorney for the Louisville district, is critically ill at the home of his daughter in Williamsburg, and it is feared that he may not live.

BOMB THOWN AT ROYAL PAIR.

Narrow Escape For the King
and Queen of Spain On
Their Wedding Day.

SIXTEEN PEOPLE DEAD.

Wedding Procession Ends In
Awful Horror—Bomb
Thrown in Bouquet.

Madrid, May 31.—The public rejoicings over the marriage of King Alfonso and Princess Victoria had a terribly dramatic sequel at 2:30 o'clock this afternoon as a bomb thrown from an upper window exploded with deadly effect near the coach occupied by the King and Queen. Providentially King Alfonso and Queen Victoria escaped by an electric wire deflecting the bomb, but at least sixteen persons, most of them of the personal and military escort, and the others spectators, were killed. Many others were injured. The following are the killed:

Capt. Barrosa, commanding part of the King's escort; Lieut. Reysient, Lieut. Pendergast, six soldiers, the Marquise of Colosa and her daughter, Don Antonio Calvo and his six-year-old niece, Jose Sola, of the military; Loise Fonseca and one royal groom who was leading a horse drawing the coach carrying the King and Queen.

The bomb which was concealed in a bouquet, was of polished steel, half a centimeter thick. It was thrown from a third floor window. The house, according to some reports, belongs to the queen's mother, being the only house she owns in Madrid. The house is opposite the Church of the Sacrament and the Captain General's residence. The royal procession had come to a temporary stop with the royal carriage exactly opposite the house, when the bomb was thrown. It fell to the right of the royal carriage, between the hindmost pair of horses and the front wheels, and the explosion killed two horses and a groom.

The shock of the explosion was terrific. The Duke of Cornachuelos immediately pushed forward, opened the carriage door and helped out the King and then the Queen, who showed signs of the greatest emotions. Both, however, behaved with

WEDDING OF KING ALFONSO TO PRINCESS ENA AT MADRID.

ALFONSO XIII, BOY KING OF SPAIN.

PRINCESS ENA, THE NEW QUEEN OF SPAIN.

The marriage of Princess Ena, of Battenburg, to King Alfonso, of Spain, was solemnized Thursday at Madrid, amid all pomp and ceremony prescribed by the Roman Catholic church and Spanish etiquette. It was the most brilliant nuptial event that has ever taken place at the Spanish capital and was witnessed by the largest assemblage of people that was ever known to gather at Madrid.

King Alfonso was born May 17, 1886, and on the 16th anniversary of his birth he assumed the throne of Spain, his mother, Maria Christina, resigning the regency. The boy King received a high education and speaks English fluently. He is a British general, a Knight of the Garter and has numerous other European honors.

The new Queen of Spain is the second child of the late Prince Henry and Princess Henry of Battenburg. She was born Oct. 24, 1887; is fair, blue-eyed and is very beautiful, having a quantity of rich, wavy hair. She is a niece of King Edward of England and the god-daughter of Empress Eugenie, and is said to be her heirress.

VULCANITE ROOFING

IS ECONOMICAL

Because it is durable. When you roll out 40 feet and nail it down one square is laid. Quick work, aint it?

It's the roofing of to-day. The price is right, too. It has toughness about it. It is peculiarly adapted to the tops of buildings. Sold by the Forbes Manufacturing Co., Incorporated.

Failure at Kelly.
